

Call for Papers

The 6th Annual Conference of the Global Research Alliance for Sustainable Finance and Investment (GRASFI) is being hosted by Yale University from 23 to 25 August 2023. The Conference Committee is seeking to include 30-40 high-quality papers on sustainable finance and investment. The deadline for submission is March 4th, 2023.

The conference is open to methodologically rigorous and robust submissions in all areas of sustainable finance and investment. Disciplinary diversity is appreciated, as are all types of methodologies, quantitative as well as qualitative and theoretical work. Conceptual and empirical papers are both welcome.

Potential areas of focus include: public and private equity, central banking, asset classes and sustainable finance, private wealth, public and private debt, impact investing, economic modeling, accounting, etc.

We encourage the submission of PhD papers and the conference will award a Best PhD Paper Prize.

Each chosen paper will be given a 30-minute presentation slot (20 to present and 10 for questions). Papers from different disciplines and with different methodological approaches are sought to foster interdisciplinary collaboration and learning. Strong emphasis will be given to quality over quantity of chosen submissions, to ensure a strong experience for conference participants.

The best papers presented will be awarded monetary prizes at the discretion of the Conference Committee.

How to submit your paper

Submissions must not yet be accepted for publication at the time of submission.

The Paper Selection Committee will be undertaking a double-blind peer review process. The Paper Selection Committee is chaired by Dr. Todd Cort.

Please anonymize your submission (double-blind reviewing policy) by excluding authors' names.

Please submit your paper via **EasyChair**.

The deadline for submission is **March 4th, 2023**.
